

## SERVING THE WORLD'S TEA SINCE 1707

At Fortnum's, tea is for more than just sipping.  
It's for life.

Since 1707, our obsession with tea has taken us  
around the world in search of the very finest varieties.  
And three centuries since we steeped our first leaves,  
that same spirit of exploration and experimentation  
can be found in every cup and caddy of  
Fortnum's tea.

From our famous and historic house blends to the  
small-batch rare teas we source from the planet's  
most exceptional gardens – everywhere from China to  
Cornwall – we're forever in pursuit of the exceptional.  
More than experts, we're true obsessives, and nothing  
brings us greater joy than sharing our passion for tea,  
in all its forms.

So whatever you pick for your pot today, an uplifting  
and joyful teatime awaits – because if three hundred  
years' worth of sipping has taught us anything, it's that  
nothing can beat a cup of joy-giving, life-affirming tea.

## A FORTNUM'S GUIDE TO

# Leaf Grades

Tea leaves come in many shapes and sizes – so we've assembled the following list, which explains in simple language what various leaf grades mean, in terms of quality.

FOP	<b>FLOWERY ORANGE PEKOE</b> Tea made from the unopened bud and the fine, tender first leaves of each shoot
GFOP	<b>GOLDEN FLOWERY ORANGE PEKOE</b> A superior variety of FOP where the tips of the tea are golden
TGFOP	<b>TIPPY GOLDEN FLOWERY ORANGE PEKOE</b> A variety of GFOP with a very high proportion of golden tips
FTGFOP	<b>FINEST TIPPY GOLDEN FLOWERY ORANGE PEKOE</b> An exceptionally high-quality FOP
STGFOP	<b>SPECIAL TIPPY GOLDEN FLOWERY ORANGE PEKOE</b> One of the finest tea grades made from an exceptional crop of leaves

## HOW WE MAKE OUR TEA

Different teas require different brewing temperatures. To ensure each pot is perfect, we brew our Black Teas at temperatures between 90° and 95°, while our Green and White Teas are brewed between 75° and 90°.

# FORTNUM'S FAMOUS BLENDS

For as long as we've sold tea, we've created our own blends too. Each made with the finest leaves, sometimes for very special individuals with specific tastes in mind, these extraordinary teas are all exclusive to Fortnum's.
