In 1928 we sent food to explorers travelling the world on a blimp!

LOS ANGELES

NEW YORK

Until 1936, we had a look-alike Fortnum's shop in New York!

We keep our own bees and give each one a name! (Remembering them all is hard).

ARCTIC OCEAN

ATLANTIC OCEAN

We helped Howard Carter and his team discover Tutankhamun's tomb.

MAYAN TEMPLES

AMAZON RAIN FOREST

BRAZIL

PACIFIC OCEAN

PATAGONIAN MOUNTAINS

Do you know our food has travelled up Mount Everest and along the River Nile?

In 2014, four rowers, powered by Fortnum's food, broke the world record for the fastest Indian Ocean Row.

FINISH

There are no polar bears in the South Pole! (Either that or they're hiding very very well).

The first animals to fly in a hot air balloon were a chicken, a duck and a sheep. The sheep steered!

F&M

ANTARCTICA

INDIAN OCEAN

Why do bananas wear extra sun cream on the beach?

To stop them peeling!

What did one ocean say to the other?

Nothing. It just waved.
